first friday scranton IS LOOKING ↑ UP!

“Look Up” Historic Architecture Tour will call attention to **Historic Downtown Scranton** through **self-guided walking tours** as part of First Friday, highlighting the many architectural features and **beauty of the city**.

In addition to an already full-slate of **visual and performing artists** that participate each month, **First Friday Scranton** will highlight distinct architectural “**districts**” within Scranton during the months of **June, July and August**. Walking tours of each district take about 30 minutes and allow participants to **celebrate the historic grandeur** of our area.

“Look Up” is sponsored in part by the **Lackawanna Heritage Valley** and **State Heritage Area** in participation with the Pennsylvania Department of Conservation and National Resources and the National Park Service.

Visit firstfridayscranton.com/lookup for more information!
